The Honorable Patrick Morrissey
Governor of West Virginia
State Capitol, Building 1
Charleston, West Virginia 25305

Dear Governor Morrissey,

The West Virginia Board of Respiratory Care is pleased to provide you with our annual report for the period of July 1, 2024, to June 30, 2025, in accordance with Chapter 30-1-12 of the West Virginia State Code.

The mission of this agency is to protect the public by providing competent and qualified respiratory therapists for the citizens of West Virginia. The West Virginia Board of Respiratory care provides oversight of the licensing of respiratory therapists, provides guidelines for licensing requirements, renewal of licenses, continuing education requirements, and investigations and/or prosecution of license violations.

The Board of Respiratory Care consists of seven members appointed by the governor with the advice and consent of the senate. Members consist of one lay person, one practicing physician currently licensed to practice in West Virginia with certification, clinical training and experience in the treatment of pulmonary diseases, and five members engaged in the practice of respiratory care during five years immediately preceding their appointment.

The Board of Respiratory Care works with state and national organizations to maintain the highest standards of the practice of respiratory care to ensure the citizens of West Virginia are protected and offered the highest quality of care in the practice of respiratory therapy. Respiratory Therapists have been one of the leading professions in the treatment and care of COVID-19 patients in all aspects of the healthcare field.

Please contact our office with any questions or comments regarding the information contained in this report.

Respectfully submitted,

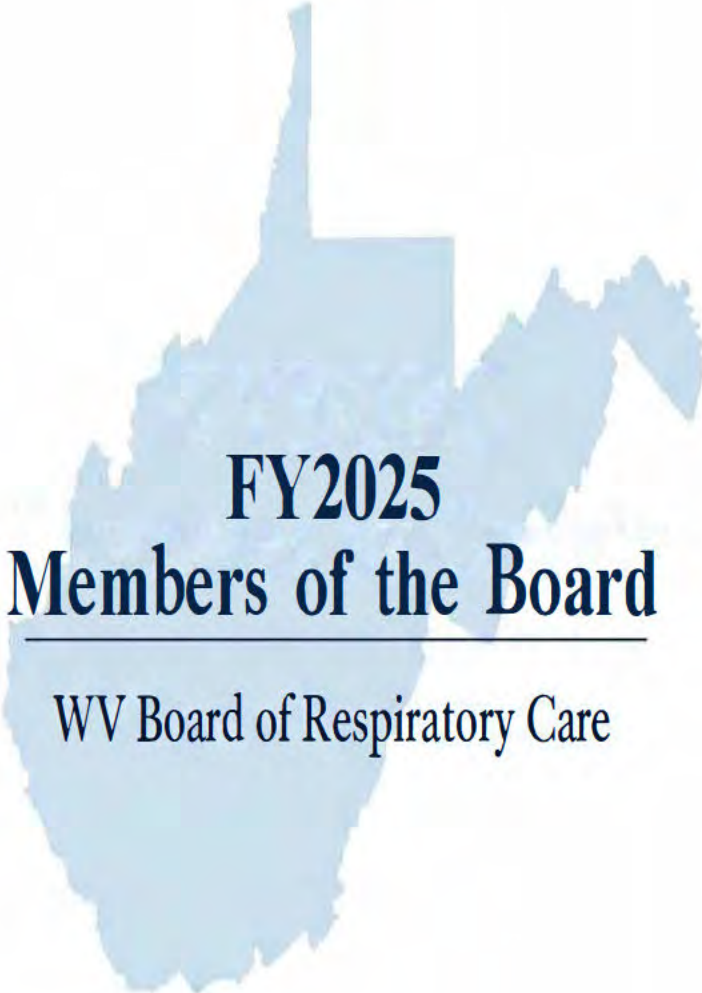

A handwritten signature in blue ink, reading "Tracy S. Matthews".

Tracy S. Matthews, MBA, RRT, LRTR
Board President

FY2025 Overview of Activities

WV Board of Respiratory Care

Overview of Activities

During Fiscal Year 2025, the West Virginia Board of Respiratory Care (WVBORC) continued to advance its mission to safeguard the public by providing comprehensive oversight of the licensing and regulation of respiratory care practitioners throughout the State of West Virginia. The Board is charged with establishing licensure requirements, managing license renewals, enforcing continuing education standards, and investigating or prosecuting violations of professional practice laws. Comprising five licensed respiratory therapists, one physician, and one lay member, the Board represents diverse regions throughout the state and practice settings, including home care and acute care environments. This structure ensures broad-based oversight and balanced representation of both professional and public perspectives in all Board activities and decisions.

The WVBORC maintains an active presence at both state and national levels through participation in meetings and conferences focused on professional regulation, licensure, clinical practice standards, and developments in healthcare delivery. Several members of the Board are active participants in the American Association for Respiratory Care (AARC), a national organization representing over 50,000 members. This involvement ensures that West Virginia's respiratory care practitioners remain informed and aligned with national trends and standards affecting current and future respiratory care practice. The Board also participates in the National Board for Respiratory Care (NBRC) Disciplinary Database and the U.S. Department of Health and Human Services' National Practitioner Data Bank. These databases provide access to national records of disciplinary actions taken against respiratory care practitioners, supporting accountability, transparency, and collaboration among state licensing agencies.

As of June 30, 2025, the Board reported a total of 2,204 licenses, 72 of which are in inactive status. License classifications included 2 Licensed Respiratory Care Associates (LRCA), 524 Licensed Certified Respiratory Therapists (LRTC), 1,572 Licensed Registered Respiratory Therapists (LRTR), and 34 Student Temporary Permits (STP). The Board continues to recognize the National Board for Respiratory Care (NBRC) national examination as the standard for licensure, thereby allowing for interstate endorsement without additional testing. Licensure is granted to applicants who

successfully complete a program accredited by the Commission on Accreditation for Respiratory Care (CoARC), pass at least the NBRC entry-level examination, and submit the required fees. All applicants are verified through national and state disciplinary databases to confirm professional standing and ensure compliance with licensure requirements. Applicants who hold or have previously held licensure in another state are also verified through those states for any disciplinary actions, completed or pending.

The Board's website, www.wvborc.com, continues to serve as an essential resource for both licensees and the general public. The site provides secure and convenient online services, including license applications, renewals, verifications, continuing education tracking, and complaint submissions. All financial transactions are securely processed through the West Virginia State Treasurer's Office. Additionally, the Board's Charleston office, located at 106 Dee Drive, continues to offer direct administrative support and public assistance.

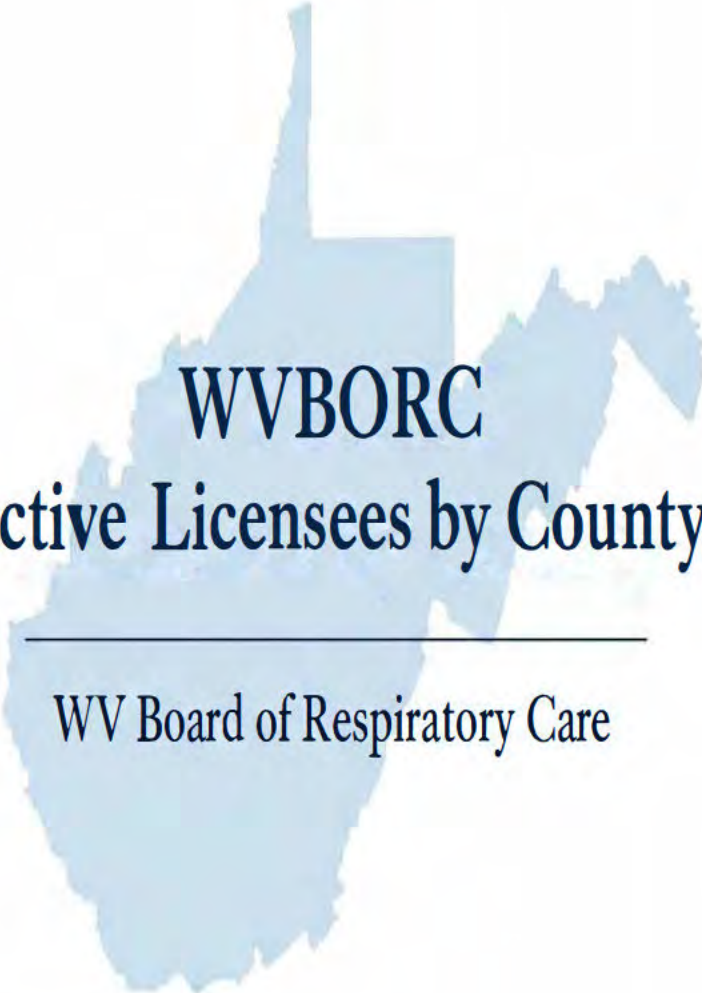

Throughout Fiscal Year 2025, the Board conducted multiple meetings to address legislative, administrative, and disciplinary matters essential to fulfilling its statutory responsibilities. Meetings were held on July 11, July 31, August 30, November 8, and December 11, 2024, as well as March 26, April 16 (Emergency), May 8, and June 25, 2025. These meetings covered a broad range of business matters, including legislative rulemaking, policy updates, disciplinary reviews, and general Board operations. Key legislative initiatives included revisions to Series 1: Criteria for Licensure and finalization of Series 11: Telehealth Practice. During the reporting period, the Board issued a total of 271 new licenses, including 50 Student Temporary Permits (STP), 19 Temporary Respiratory Therapist Certified (TRTC) permits, 71 Licensed Certified Respiratory Therapists (LRTC), and 131 Licensed Registered Respiratory Therapists (LRTR). Additionally, the Board processed 1,322 LRTC and LRTR renewals in November 2024 and 595 renewals in December 2024. 200 Licensees were selected for a random Continuing Education audit. All but one licensee passed the audit but had already self-reported the non-compliance and corrected the issue.

As part of its regulatory oversight, the Board reviewed and resolved multiple disciplinary cases throughout the year, issuing consent agreements, fines, and monitoring agreements as appropriate. Reinstatements were granted to licensees who met all disciplinary obligations in other jurisdictions, reflecting the Board's commitment to due process, fairness, and accountability. Fiscal oversight remained a central focus, with the Board regularly reviewing P-Card transactions, financial reports, and

recommendations from the Performance Evaluation and Research Division (PERD). All inspections were completed with no safety or compliance concerns identified. Board leadership remained stable and effective, with the suggested reappointments of Dr. Rayan Ihle and Eric Rodgers, and the election of Tracy Matthews as President and Rodney Vest as Secretary.

Education and professional engagement were also key priorities during Fiscal Year 2025. The Board participated in major professional events, including the West Virginia Society of Respiratory Care (WVSR) Fall and Winter Conferences, the State Auditor's Seminar, the American Association for Respiratory Care (AARC) Summer Forum in Fort Lauderdale, and the Respiratory Care Interstate Compact Legislative Summit in Washington, D.C. These engagements ensured that the Board remained connected with practitioners, educators, and policymakers across the respiratory care profession. In addition, a statewide Respiratory Leadership Meeting was held in July 2024 to promote collaboration and strengthen partnerships within West Virginia's healthcare community.

Looking ahead to Fiscal Year 2026, the Board's goals include continued modernization of licensing rules and administrative processes, full implementation of Senate Bill 458 (Universal Licensing), expanded outreach through education and leadership development, and ongoing enhancement of compliance auditing and transparency initiatives. The West Virginia Board of Respiratory Care remains steadfast in its commitment to public protection, professional excellence, and responsive governance in the evolving field of respiratory care. Through continued collaboration with other health-related and licensing agencies, the Board seeks to identify emerging needs, improve public access to information, and promote high standards of education, licensure, and accountability for all respiratory care professionals in the State of West Virginia.

FY2025 Disciplinary Actions

WV Board of Respiratory Care

**West Virginia Board of Respiratory Care
FY2025 Disciplinary Actions
(Fine Fees/General Fund)**

Disciplinary and Administrative Actions

During Fiscal Year 2025, the West Virginia Board of Respiratory Care reviewed and acted on multiple disciplinary and administrative cases. Each matter was evaluated and resolved in accordance with statutory authority, administrative rules, and due process standards.

Disciplinary Cases

Case No. 23-0916 – Confidential Licensee

Allegation: False documentation of a treatment allegedly not performed.

Board Action: Dismissed December 11, 2024, for lack of probable cause.

Case No. 23-214 – Ellison v. Sauls

Allegation: Professional misconduct; failed drug screen.

Board Action: January 24, 2024 – Non-Disciplinary Monitoring Agreement implemented.

Conditions: Quarterly employer progress reports and random drug screenings. March 26, 2025 – Licensee successfully fulfilled all terms. Case closed with no further action.

Case No. 23-523 – WVBORC v. Holbert

Allegation: Terroristic threats.

Board Action: License revoked. A formal hearing was held March 19, 2025. On May 8, 2025, the Board adopted the Administrative Law Judge's Final Recommended Decision in full, issuing a Final Order revoking the license.

Case No. 23-711 – Confidential Licensee

Allegation: Professional misconduct; falsification of patient records; improper performance of procedures; failure to follow testing protocols.

Board Action: June 25, 2025 – Probable cause found; Consent Agreement for reprimand offered.

Terms: If the license is reactivated, the licensee must submit quarterly performance reports for one year and reimburse the Board for costs.

Case No. 24-0216 – WVBORC v. Crain

Allegation: Practicing on an expired license.

Board Action: Consent Agreement issued – Reprimand and \$100 fine. December 11, 2024 –

Board confirmed full compliance and fine payment. Case closed.

Case No. 24-0509 – Confidential Licensee

Allegation: Failure to adhere to established patient care standards; practicing while impaired by alcohol or drugs.

Board Action: March 26, 2025 – Dismissed for lack of probable cause.

Case No. 25-0214 – Confidential Licensee

Allegation: Working outside the scope of practice; failure to follow physician orders; insubordination.

Board Action: Case remains under investigation.

Case No. 25-0409 – Confidential Licensee

Allegation: Professional misconduct; failure to adhere to professional and practice standards.

Board Action: Case remains under investigation.

Continuing Education (CEU) Self-Reported Administrative Violations

During the reporting period, several licensees voluntarily self-reported administrative violations involving incomplete continuing education (CEU) requirements. The Board determined that these were administrative in nature and did not involve issues of patient care, professional conduct, or ethics.

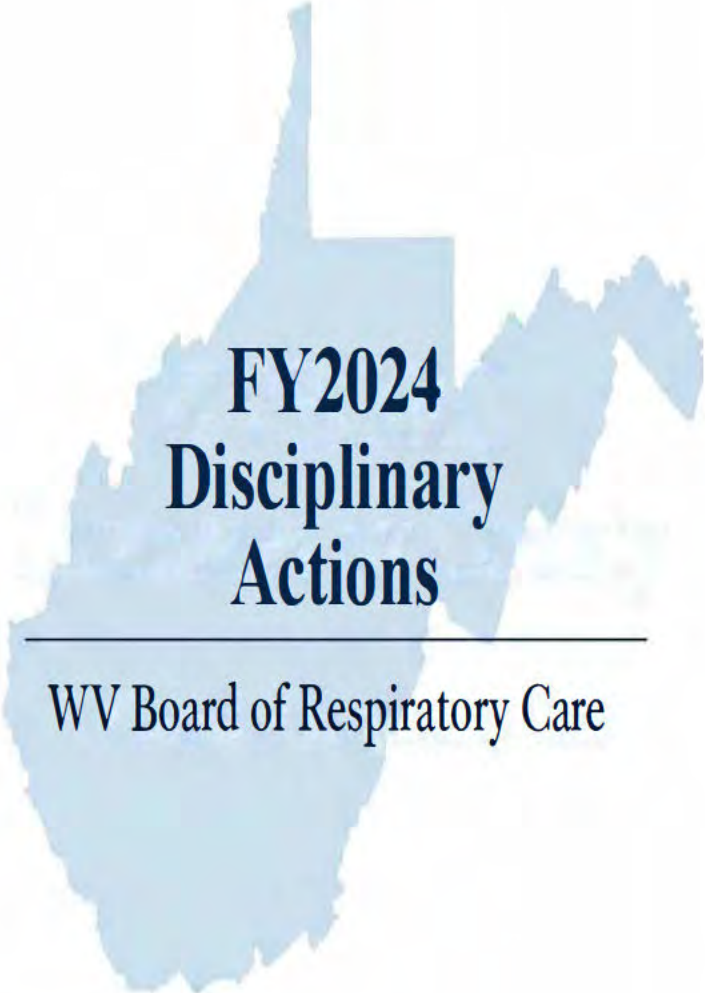

Each licensee entered into a Consent Agreement requiring payment of a \$50 administrative fine and submission of documentation verifying completion of the missing CEUs. All have complied fully, paid all required fees, and currently hold licenses in good standing.
